It's time for a trip to Mandurah! Be prepared for some walking on this tour and lots of fresh air! Today we will visit the Thrombolites and three of the Giants of Mandurah. Starting with Morning Team at the Thrombolites and a walk out to the jetty to see these amazing long lived organisms, it gets windy here as a heads up! Then we head to the first of three of the Mandurah giants. Seba's Song. This is a 1.2 km walk in total but nice and flat. Following our visit to Seba, we head to Santi Ikto (thanks to the team for providing a shortcut!) Less than a 1km walk on this one. After all that walking it's straight to Cicerello's Mandurah for lunch and a refreshment. Finally we stop off at Yobogurt Winjam Cirkelstone. We need a final 550m walk to visit him. After such a big day its time to head home with some ice cream in tow! This is a small bus tour, given some of the places we are headed those coaches just wont fit. Please ensure you are wearing comfortable shoes and be prepared for various weather conditions. Water is a must! Tour date: 29th May, 2024. A glass of rose is served with lunch. Founded in 1847 by Spanish Benedictine Monks, the town has had many purposes; a mission, a monastery, a provider of education and now as a place of spiritual retreat.
